**Re: Request for Limited Modification of LATA Boundary to Provide ELCS  
Between Bell Atlantic - Virginia's West Point and Toano Exchanges; CC Docket  
No. 96-159**

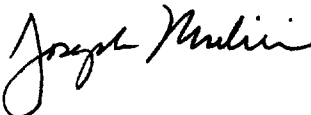

Dear Ms. Salas:

Bell Atlantic-Virginia, Inc. (BA-VA) hereby submits this request for a LATA boundary modification to provide expanded local calling service (ECLS) between its West Point and Toano exchanges.

In its order released July 15, 1997<sup>1</sup> ("Order"), the Commission established an ongoing process for requesting LATA boundary modifications to provide ECLS. This request is filed pursuant to the provisions contained in that order. Attached please find the support documentation required by the Commission to approve the requested modification.

Should you have any questions regarding this material please do not hesitate to contact me.

Sincerely,

Attachment

cc: G. Matise  
A. Thomas

<sup>1</sup>"In the Matter of Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ECLS) at Various Locations", CC Docket No. 96-159, released July 15, 1997.

021

**Request for Limited Modification of LATA Boundaries to Provide ELCS Between Bell Atlantic - Virginia's West Point and Toano Exchanges**

- (1) Type of Service  
Traditional Local Service, Non Optional ELCS
- (2) Direction of Service  
Two-way
- (3) Exchanges Involved  
ELCS between Bell Atlantic - Virginia's West Point exchange located in the Richmond, Virginia LATA and the Toano exchange located in the Norfolk, Virginia LATA.
- (4) Name of Carriers  
West Point - Bell Atlantic - Virginia  
Toano - Bell Atlantic - Virginia
- (5) State Commission Approval  
The Virginia State Corporation Commission issued a Final Order on November 14, 1997 approving ELCS for this route. A copy of the Final Order is attached.
- (6) Number of Network Access Lines  
West Point Exchange - 2,563  
Toano Exchange - 4,067
- (7) Usage Data  
Messages per main station per month  
West Point to Toano - 1.48  
Toano to West Point - 1.49  
  
Percent of subscribers making calls  
West Point to Toano - Data not available  
Toano to West Point - Data not available
- (8) Poll Results  
West Point to Toano  
Sixty-five percent of those responding voted for ELCS.  
Toano to West Point  
Public notice was provided to the Toano exchange customers via newspaper display advertisement. No comments or requests for a hearing were received.

Flat Rate	\$ 0.63
Message Rate	\$ 0.15
Measured Rate	\$ 0.15
Flat PBX Trunk	\$ 0.99
Message PBX Trunk	\$ 0.15
Measured PBX Trunk	\$ 0.15

(9) Community of Interest Statement

West Point is a rural exchange located in eastern Virginia with approximately 2600 access lines. West Point is the only town of any size in the West Point exchange. It provides the basic necessities for people living in the immediate area. However, West Point has a community of interest in the Toano/Williamsburg area for specialty shopping, specialized medical care, hospitals and employment. West Point is approximately 12 miles from Toano and 20 miles from Williamsburg.

Maps are attached for the West Point and Toano exchanges.

- (11) Other Pertinent Information

Chronology

On December 19, 1996, Bell Atlantic - Virginia's West Point exchange subscribers petitioned the Virginia State Corporation Commission for Extended Local Calling Service (ELCS) to Bell Atlantic - Virginia's Toano exchange. The Commission directed Bell Atlantic - Virginia to determine the change in monthly rates to provide ELCS from West Point to Toano. Bell Atlantic - Virginia surveyed all of its West Point subscribers regarding their willingness to pay the additional rates. Sixty-five percent of the subscribers responding voted favorably.

The Commission then directed Bell Atlantic - Virginia to determine rates for ELCS calling from Toano to West Point. Bell Atlantic - Virginia provided public notice via newspaper display advertising to its Toano customers. No comments or requests for a hearing were received.

Both the surveys met the polling requirements as outlined in Section 56-484.2 of the Virginia State Code. The results of the surveys met State Code requirements for implementation.

On November 14, 1997, the Virginia State Corporation Commission issued a Final Order approving Extended Local Calling Service between West Point and Toano.

Virginia State Code, Section 56-484.2

This section of the Virginia State Code allows customers to petition the State Corporation Commission for ELCS. A copy of this section is attached.

**APPLICATION OF BELL ATLANTIC - VIRGINIA, INC.  
TO IMPLEMENT EXTENDED LOCAL SERVICE  
FROM ITS TOANO EXCHANGE TO  
ITS WEST POINT EXCHANGE**

**CASE NO. PUC970120**

**BACKGROUND**

Bell Atlantic - Virginia, Inc. (BA-VA) surveyed its West Point exchange customers for Extended Local Service (ELS) into the Toano exchange in response to a customer petition filed pursuant to Virginia Code Section 56-484.2. ELS is flat rate two-way calling between two or more exchanges on a seven digit dialing basis. The result of the poll was as follows:

Total Ballots Mailed	1,981
Customers Responding	921 (46.5%)
Number of Responses:	
Yes	598 (64.9%)
No	323 (35.1%)

The proposal for ELS from the West Point exchange into the Toano exchange met the polling requirements of § 56-484.2.

On July 31, 1997, BA-VA filed an application pursuant to provisions of § 56-484.2 proposing to notify its customers in the Toano exchange of the increases in monthly rates that would be necessary for extending their local service to include the West Point exchange.

The Commission entered an Order Prescribing Notice of the application on August 25, 1997. The Company was ordered to publish notice in newspapers of general circulation in the Toano exchange. A poll was not required because the proposed rate increase for one-party residential customers does not exceed five percent of the existing

one-party monthly rate. Affected telephone customers were given until October 22, 1997 to file comments or request a hearing on the proposal.

On October 20, 1997, BA-VA filed proof of notice as required by the Commission's Order of August 25, 1997. Notice was published as display advertising in the Daily Press and in The Virginia Gazette. No comments or requests for a hearing were received.

### **PROPOSED RATE INCREASES**

Under this proposal monthly rates in the Toano exchange would increase as follows: flat rate residential service, \$0.17; residential exchange only service, \$0.14; residential message rate or measured rate service, \$0.11; residential economy service, \$0.06; business flat rate service, \$0.63; business message rate lines or trunks, \$0.15; business measured rate lines or trunks, \$0.15; flat rate PBX trunks, \$0.99.

### **RECOMMENDATION**

Approval of BA-VA's application to implement ELS from its Toano exchange to its West Point exchange is recommended.

COMMONWEALTH OF VIRGINIA

DOCUMENT 001-120074 AT RICHMOND, NOVEMBER 14, 1997

APPLICATION OF NOV 14 PM 2:28

BELL ATLANTIC-VIRGINIA, INC.

CASE NO. PUC970120

To implement extended local  
service from its Toano exchange  
to its West Point exchange

FINAL ORDER

On July 31, 1997, Bell Atlantic-Virginia, Inc. ("BA-VA" or the "Company") filed an application with the State Corporation Commission ("Commission") pursuant to the provisions of Va. Code § 56-484.2. BA-VA proposed to notify its Toano exchange subscribers of the increases in monthly rates that would be necessary to extend their local service to include the West Point exchange. Customers in the West Point exchange had previously petitioned the Commission for local calling to Toano. In a poll in response to the petition, a majority of the West Point customers responding supported paying higher rates for local calling to Toano. A poll of Toano subscribers in response to this application was not required under § 56-484.2(A) of the Code of Virginia because the proposed rate increase does not exceed 5% of the existing monthly one-party residential rate.

By order dated August 25, 1997, the Commission directed BA-VA to publish notice of the proposed increase. Affected

Consumer Counsel, Office of the Attorney General, 900 East Main  
Street, Second Floor, Richmond, Virginia 23219; and the  
Commission's Division of Communications.

A True Copy

Clark of the  
State Corporation Commission

telephone customers were given until October 22, 1997, to file comments or request a hearing on the proposal. No comments or requests for hearing were filed. On October 20, 1997, BA-VA filed proof of notice as required by the Commission's August 25, 1997 order.

On November 7, 1997, the Commission's Staff submitted its report regarding the Company's application. The Staff recommended that BA-VA's application to implement extended local service from its Toano exchange to its West Point exchange be approved. Accordingly,

IT IS THEREFORE ORDERED THAT:

(1) The proposed extension of local service from BA-VA's Toano exchange to its West Point exchange shall be implemented.

(2) The Company shall implement the tariff revisions necessary for the proposed extension of local service.

(3) There being nothing further to come before the Commission, this docket is closed and the papers filed herein shall be placed in the file for ended causes.

AN ATTESTED COPY hereof shall be sent by the Clerk of the Commission to: Warner F. Brundage, Jr., Esquire, 600 East Main Street, 24th Floor, Richmond, Virginia 23219; Thomas B. Nicholson, Senior Assistant Attorney General, Division of

## ARTICLE 4.

## Extension and Reduction of Telephone Service

**§ 56-484.2. Extension or reduction upon poll of certain subscribers.**

— A. Upon petition of five percent but in no case less than twenty-five of the subscribers in an established telephone exchange for an extension or reduction of their local service area to include or exclude a contiguous local exchange or exchanges, or upon resolution of the governing body of a county for a countywide local service area, the Commission shall estimate the approximate change in the monthly rate for service which will result from such extension or reduction. In the case of a governing body resolution for countywide calling, the Commission, prior to estimating the approximate rate change, shall determine which exchanges within the county have a community of interest calling percentage that is fifty percent or greater in at least one direction to at least one other exchange within the county. The Commission shall then undertake to estimate the approximate change in the monthly rate for service that will result from such expanded local calling area for each such exchange. The Commission shall order the affected company or companies to poll those subscribers whose monthly rate for service would change if the proposed changes were adopted. However, polls shall not be required in the exchange or exchanges to which the petitioners desire an extension of local service if (i) any resulting rate increases in any twelve-month period do not, in the aggregate, exceed five percent of the existing monthly one-party residential flat rate service for the affected exchange to which the petitioners desire an extension of local service or (ii) any resulting rate increases in any twelve-month period, in the aggregate, exceed five percent solely due to rate regrouping. No more than one petition for a poll from the same group of subscribers or resolution from the governing body of a county shall be considered by the Commission during any three-year period. For purposes of determining the exchanges that will be polled pursuant to this subsection, *"community of interest calling percentage"* means the percentage of customers in an exchange that make one or more calls per month to another exchange within the county.

B. If a poll is required pursuant to subsection A and a majority of the subscribers are in favor of the proposed change, or if the Commission determines that a majority of subscribers voting are in favor of the proposed change, the Commission shall order the extension or reduction of their local service area. For the purposes of this section, the number of subscribers in an established telephone exchange shall be deemed to be the number of subscribers in an exchange as of January 1 of the calendar year when the petition is submitted to the Commission. Ballots polling subscribers on a proposed change in local service area shall be counted sixty days after being mailed and the results certified to the Commission.

C. If a poll is not required pursuant to subsection A, the Commission shall require notice to customers in exchanges in which polls are not required and shall convene a hearing on the proposed extension or reduction of the local calling area if the lesser of five percent or 150 of the customers within such exchanges request a hearing. The Commission may convene a hearing under this subsection on its own motion without regard to the number of customers who request a hearing.

D. Where the governing body of a county passes a resolution for a countywide local service area under subsection A and the poll for such service is defeated, the governing body shall reimburse the affected company or companies for the costs of the poll.

E. The Commission shall give the highest priority to petitions or resolutions presented under subsection A that involve exchanges in rural areas. (1976, c. 265; 1978, c. 232; 1985, c. 382; 1990, c. 339; 1993, c. 974; 1994, cc. 180, 347; 1995, c. 466.)

**The 1994 amendments.** — The 1994 amendment by c. 180, deleted the former next-to-last sentence in subsection A, which provided: "If subscriber polls are not required, the Commission shall proceed pursuant to the provisions of § 56-237.2"; and added subsection C.

1994 amendment by c. 347, in the first sentence of subsection B, deleted "that more than fifty percent of the subscribers have voted in the pool and" following

**The 1995 amendment,** in subsection A, inserted "or upon resolution of the governing body of a county for a countywide local service area" in the first sentence; added the present second and third sentences; inserted "or resolution from the governing body of a county" in the present sixth sentence, and added the seventh sentence; and added subsections D and E.
